RESOURCES FOR PARTICIPANTS

Contact research-project: The experience of gamete donors contacted by their donor offspring

Si vous vous posez des questions suite à votre participation à l'enquête, voici des ressources diverses sur le sujet du don de gamètes.

Certaines d'entre elles peuvent refléter des positionnements politiques particuliers. Le projet Contact ne se positionne pas dans le débat. Cette liste a pour but de mentionner un nombre large de références pour que chacun·e y trouve quelque chose d'utile.

•

If you feel the study has raised any issues or questions, here is a list of resources on the topic of donor conception.

Some of them may reflect specific political opinions. The Contact project does not support a partial political agenda. This list is meant to mention a wide range of references so that everyone can find something helpful.
